

FS-111 FORKLIFT SCALE

Economical, feature-rich onboard weighing system.

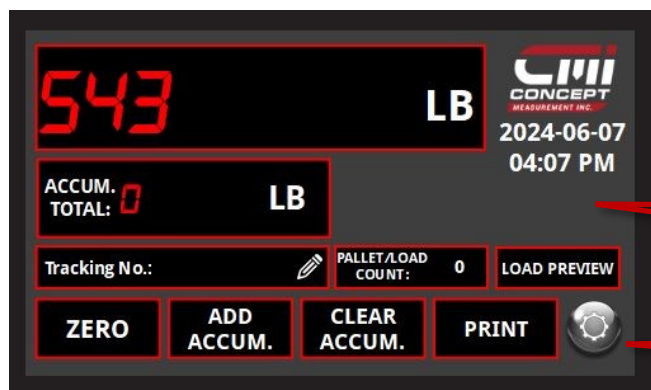

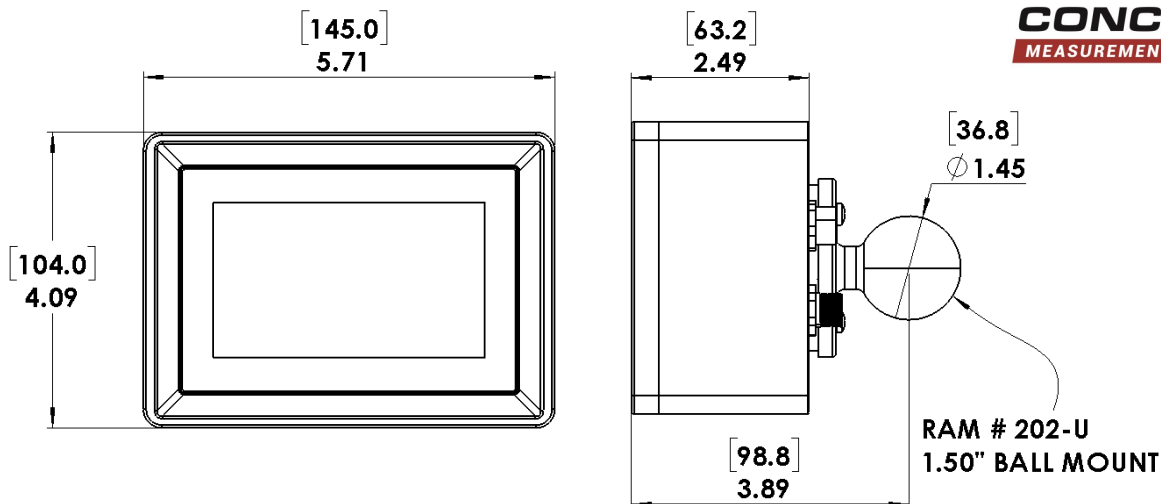

Based on hydraulic pressure, CMI's new forklift scale offers reliable onboard weighing for your forklift truck.

Features and benefits:

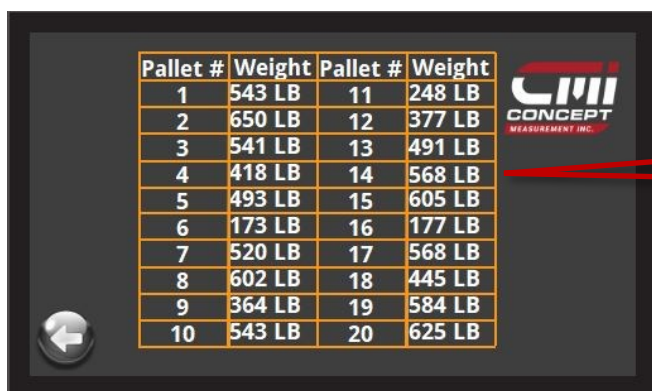

- Color, touch screen display with a rugged, IP66 environmentally sealed housing.
- Scale capacity to 99,999 lbs
- User selectable units (lb/ Kg)
- TARE/ ZERO (remove container weight)
- Accumulate several loads for a single shipment and preview individual pallet weights.
- Calibration menu is password protected. ***Prevent inadvertent operator re-calibrations.*
- Starter kit includes display, 1/4" MNPT pressure transducer & cable, Gimbal-style ball mounts and clamps for forklift ROPS cage mounting, power cable, blade style fuse box tap and rugged hard case.
- Optional printer available.
- Accuracy of $\pm 1\%$ of forklift rated capacity. *NOT LEGAL FOR TRADE.*
- 12-72 VDC power input-no DC-DC converter required (option for higher voltage available).
- Optional hydraulic fittings for transducer connection are available.
- Easy installation.
- 1 year warranty.
